Discing Best For Weed Abatement, County Finds

Discing of ground for the abatement of noxious weeds was found to be less costly and as thorough as any other method of control, according to the Board of Supervisors at its Tuesday meeting.

Raymond V. Darby, chairman of the Board of supervisors, stated that the board had issued instructions to the forester and fire warden, Spence Turner, and County Manager Wayne Allen, to bring in a report on an alternate method of destroying noxious weeds and grass which would help in the control of smoke and fumes during the summer months when lots and fields are normally burned.

The only exception to the method of discing was that it can not be accomplished on hills and slopes as tractors cannot be used in such areas.

Garbled Mail Service Here Investigated

(Continued from Page 1-A)

big refinery, is for the most part within Redondo Beach rural mail service territory.

A Lomita rural route extends north to Sepulveda Blvd. as far as Madrona ave. and to Torrance Blvd. west of Madrona ave., except for the C.C.M.O. camp.

Postal service patrons were being circled by inspectors of the service to determine their desire to have Torrance mail unified through the Torrance postoffice. The patrons on rural routes served by postoffices other than Torrance have been requested to indicate their desire on a form letter and return the letters to the inspector assigned to the task.

With many new subdivisions springing up in Torrance, and with the formation of two ward districts and one sewer district in progress, the situation will get more difficult as time goes on, unless rectified at once, Elaine Walker, secretary of the Torrance Chamber of Commerce, pointed out.

He said that the Seaside Ranches development, where some 150 homes now are under construction, either will go to Redondo Beach postoffice or Lomita postoffice, under the present setup, while the homes actually will be in Torrance.

There will be a contest to see whether Torrance or Lomita postoffice serves the new Kettler tract at Sepulveda Blvd. and Narbonne ave.

Likewise, some of the new North Torrance subdivisions ready to start as soon as water supply is provided, will be served by Gardena postoffice and others by Redondo Beach. Torrance homes on one side of one street will be served by Redondo Beach and on the other by Gardena.

"It is apparent that the people themselves, by individual letter writing, must bring this matter to a head," said Walker, who declared that the Chamber would do all in its power to remedy this garbled situation.
